THE CHARLEROI MAIL

VOLUME XXII—NO. 21 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA. WEDNESDAY, JUNE 29, 1921 TWO CENTS

MANY ATHLETES ENTER FOR BIG MEET OF SATURDAY NEXT

Goodrich Rubber Co. of Akron, Ohio, will Enter a Strong Team

INDIVIDUAL STARS WILL APPEAR

Over one hundred athletes from all parts of Western Pennsylvania and Eastern Ohio will be seen in action this Saturday at the ball park. Many of these athletes are nationally known, and quite a few local records will likely be shattered. Grimes of Penn State will be here, and West of W. & J. will compete if he can make arrangements to come. Both men have done the quarter mile in 49 seconds, and if pitted against one another will perhaps lower the mark.

High jumpers will find the going rather hard when they stack up against John Hugus, Pitt athlete and title holder of the indoor high jump record with a leap of five feet, eleven and one-half inches. He will also compete in the pole vault and broad jump. Among the 100-yard dash men at least six have run the distance in ten seconds.

Entries have been received from the athletic team of the Goodrich Rubber company of Akron, Ohio, which won the Industrial Meet at Tech Field. Other clubs entered who will vie with the Goodrich team for first honors are: Charleroi Canoe Club, Hilltop Athletic Club, Mesta Machine Company Club, P. A. A. Westinghouse A. C., and teams from Donora and Monessen.

The Charleroi Canoe Club and the Hilltop Athletic Club have each secured very capable athletes to compete for them, and visiting clubs will find the going rather rough. Both Clubs will be strong contenders for the point trophy, which will be given the team scoring the most points.

In the events for girls the Charleroi High school will be well represented by the team which took first honors at Washington. Manager Paul Nutt is trying to secure the Westinghouse girls' team, which has made quite a name for itself. Feminie athletes from our neighboring towns will also compete and the events for girls will be worth watching.

For the benefit of the patrons of this coming meet the results of the Dempsey-Carpentier battle, round by round, will be announced at the field.

The Misses Claire and Ila Campbell left this morning to spend the summer with relatives in Oregon, and Washington. They will attend the Golden Wedding of an aunt and uncle at Shelton, Washington.

The Metropolitan Baptist Sunday School will hold a picnic at Calvery Cemetery Grove, Monday July 4th. A program consisting of games and races has been prepared. 211-t1p*

DR. McKAY ELECTED PRESIDENT OF COUNTRY CLUB

At a meeting of the newly elected directors of the Monongahela Valley Country Club, held at the club house Carroll Hills, Tuesday evening, a new board of officers was chosen to serve for the coming year. Dr. Edwin McKay, who last year served as vice president, was elected President and Karl E. Miller of Donora, was chosen as vice president. Gilbert E. Koedel, of Donora, was re-elected secretary, and John S. C. Herron of Monongahela, re-elected treasurer. No changes were made in the different committees which have in charge the various activities of the club.

MOTHERS' MEETING HELD BY GUILD

The Westminister Guild of the Washington Avenue Presbyterian church held the meeting with the mothers which is a yearly event, Tuesday evening, in the Sunday school room of the church. This meeting is looked forward to throughout the year and a special program is always given.

Last evening the speaker was Miss Haws of Sewickley, who was a missionary in China for 24 years under the Prebsyterian Board. He raddress was a description of the needs and the gospel triumph in the Chinese empire. "Confucius was a great teacher, but he left our woman," said the speaker. The Boxer movement was on while Miss Haws was in China, and she told of the awful deeds of those days and how the Christians died rather than tramp upon the cross made in the sand. "They were heroes and heroines," said the speaker.

The room was tastefully decorated with daisies festooned with a pleasing effect, and the musical numbers were a solo by Miss Emma Clutter, accompanied by Mrs. Jacobs, and a piano duet by Mrs. Jacobs and Mrs. Barger.

Each year a memorial service is held in connection with the mothers' meeting and that part of the program was in charge of Rev. Mr. Burson. It was an impressive moment when the Guild girls stood with bowed heads while the absent ones were remembered.

The social hour which followed the program was a time of good fellowship and looking over the curios brought by Miss Haws. The girls gave a vote of thanks to the speaker of the evening and many felicitations were exchanged.

NEW COUNTRY CLUB AT "TURKEY'S NEST"

About the middle of August, "The Turkey Nest Country Club"— its name taken from the semi-circular picturesque spot 1,500 feet above sea level on the National Pike, a short distance East of Uniontown will have come into existence. More than two score of Uniontown's best known business and professional men have authorized initial plans for the erection of the commodious club house and swimming pool, the aggregate cost of which will reach a figure of at least $20,000.

Actual construction is already under way and the club house and pool will be completed and ready for the first big mid-summer social function of the season within a period of six weeks. The new club is for both men and women and will be the very latest in word in everything modern.

The site of the new club covers a five-acre area. The building proper will be 120x65 feet in dimension, with a living and dining room, an "L" kitchen, and a sixteen-foot staircase. A spacious porch will span the entire length of the club house, which will be finished in stucco.

Already workmen are engaged in constructing a thirty-foot driveway from the National Pike to the scenic famed "Turkey's Nest" nationally known as one of the ideal mountain spots of the Appalachian system.

CHARLEROI MEETS VESTABURG TEAM

This evening at 6 o'clock, the local team in the Press league, will meet the Vestaburg team, at the present time the leader in the race. The game will take place at the Charleroi ball park, and the outcome of the game will determine which team shall occupy first place. Vestaburg is leading now, but if Charleroi wins it will take the premier position. An interesting and exciting game is expected.

Early Closing Movement

Commencing July fifth we will close our store at 5 p. m. daylight saving time every Tuesday, Wednesday, Thursday and Friday. Open as usual on Monday and Saturday evenings. The public is earnestly requested to arrange their shopping to conform with these hours and thus co-operate in the movement for shorter hours for our employes. Kirk & Clark. eod*

Annual picnic of the Washington Avenue Presbyterian Chuch will be held Thursday, June 30th at Oakland Park. Cars leave Fifth street at 12:50 and 1:50 fast time. Will return at 8:30 and 9:30. A program of sports for young and old will be carried out. Second car leaves Lock 4 at 1:40 and Fifth street at 1:50. 21-t1-*

Mrs. Ida Geekie left this morning for Monongahela where she will make her future home with her daughter Mrs. L. Grodecour.

Biagini's store open evenings during sale. 20t6*

DEATH DUE TO HIS OWN CARELESSNESS

Tuesday evening Coroner Greenlee conducted an inquest at the Crowley morgue to inquire into the circumstances which resulted in the death of George Jankela, at the Charelroi-Monessen hospital on the 2nd of May. From the evidence presented to the jury it appears that Jankela was engaged in distilling some "raisin Jack," and according to the testimony of Anna Budak, who was present at the time, something had gone wrong with the still. It seems Jankela was giving the "mash" a second cooking, when the still began to leak. He struck a match and was hunting the leak, when an explosion took place, in which he was badly burned about the face and the upper part of his body. He was taken to the hospital, where he died a short time later. The Budak woman was also burned. The jury, composed of Charles VanVoorhis, George Arnold, Bert Wright L. R. Walters, Patrick Cavanaugh, and James Welsh, returned a verdict in which they found the man came to his death from burns caused by his own carelessness.

The accident happened at the Jankela home, Eight and Shady, on the 26th of April. The inquest could not be held any sooner because of the inability of the Budak woman to attend.

BOY HIT BY TRUCK; LEG BADLY INJURED

Charles McCarthy, aged 11 years, son of Mr. and Mrs. Joseph McCarthy of Lock Four, was knocked down and his right leg run over by a truck at Third street and Fallowfield avenue about 10 o'clock this morning. The boy had been riding on an ice truck, when he jumped off and started across the street. As he did so he ran directly in front of another truck going in an opposite direction. He was knocked down and the wheels of the truck passed over the leg between the knee and the ankle, tearing the flesh from the bone. The boy was taken to Dr. Repman's office, where surgical attention was given him and later demoved to the hospital for treatment.

Ralph Lynn Haywood.

Ralph Lynn Haywood, son of Mr. and Mrs. Frank Haywood, of Dunlevy, died at the home of his parents at 3 o'clock p. m. Tuesday, June 28 aged 17 years. He is survived by his parents, three sisters, Margaret, Florence and Doris, and three brothers, Norman, Ray and Thomas. Funeral services will be held at the U. B. church Thursday at 2 o'clock, p. m, old time, interment in Belle Vernon cemetery.

Kensington, the Lutheran Aid Society, will meet at the home of Mrs. Gilbert, corner of Fifth street and Lincoln avenue, Thursday afternoon.

POULTRY EXHIBIT WILL BE A FEATURE OF THE EXPOSITION

SUSTAINED BROKEN HAND BY A FALL

Mrs. George Fellows, while stepping from a chair after attaching a clothesline to a pole in the yard of the Hotel Myford Tuesday forenoon, fell and broke some of the bones in her left hand. While Mrs. Fellows was attaching the line a dog belonging to the household placed himself beside the chair. As she was getting down from the chair she stepped on the back of the dog, which gave a quick jump, causing Mrs. Fellows to fall heavily on her left hand, which resulted in a painful fracture. A physician was called, who reduced the fracture.

FIREWORKS CAUSE HEAVY FINANCIAL LOSS

Public education along the lines of a safe observance of Independence Day has been sufficiently successful to effect a steady decrease in the loss of life on that occasion, from fire crackers, fireworks and other means of celebration. The Fourth of July is still a day to be reckoned with, however. In recent years the so-called "harmless" sparkler has achieved a dangerous popularity, for, although its sparks may not cause ignition, the wire holding the sputtering material becomes incandescent and when in that condition will set fire to inflammable material. Thus its chief victims have been little girls wearing flimsy summer dresses, and a number have been burned to death because of these "harmless" playthings.

Other dangerous toys are the paper balloons that use lighted kerosene-soaked waste to heat the air they contain and so cause them to rise. These balloons frequently drop upon inflammable roofs and other combustible material.

That fire losses from fire works, firecrackers, etc., are still important is evidenced by the statistics of the National Board of Fire Underwriters, which show property destruction from this cause during the five years, 1915 to 1919, inclusive of $1,499,854.

UNION A. C. WILL MEET VICTORY HILL

The Union Athletic club baseball team will play the Victory Hill nine at the Charleroi ball park, Thursday evening at 6:00 oclock fast time. The visiting team is making a strong bid for the banner in the Miners' league, and should prove a good attraction, as it is their first appearance in Charleroi. They defeated U. A. C. a few weeks ago by the score of 8 to 9, and now the local boys are out for revenge, and are confident they will not be disappointed.

Leading Fanciers Have Been Interested and will Have Fine Exhibits

NOW WORKING ON DETAILS

The Poultry department of the Exposition committee was organized last evening in the Municipal Building. The Chamber of Commerce is promoting the exposition, which will be held September 19-24 through the Exposition committee of which W. M. Darby is chairman. This committee in turn has a number of sub-committees of which the Poultry Committee is one. The Poultry committee is composed of six men as follows: Robert E. Gregg, chairman; E. C. Snyder of Bentleyville, vice-chairman, Ray F. Spahr, secretary. Eli Crable, J. B. Schafer and H. B. Hannen. This committee will meet at the Chamber of Commerce on Wednesday, July 6th, to arrange for the kind of chickens for the Exposition and the premiums to be offered in order that it may be placed in the catalog. Prof. Daniel who has charge of the compliation of the catalog will meet with this committee.

At last night's meeting it became very evident that the committee is determined to make this Poultry exhibition one of the best in this part of the country. A number of judges of high repute are being corresponded with, in order that we may have a man of knowledge and skill to pass final judgment upon the chickens exhibited. In addition to prizes which will be arranged for by this committee, the merchants, as is the custom in most places, may also offer prizes. No solicitation will be made of the merchants for these, but if any desire to offer premiums it may be made known at the Chamber of Commerce and if reported in the near future may be printed in the catalog.

The general admission ticket which costs 50c will also admit to the poultry show. Those who do not have general admission tickets will pay an admission of 10 cents to the poultry show.

It must be said that the exposition this fall is being well planned, plenty of time having been given for the due consideration of each department of work. This poultry committee is but one of half a dozen committees that are now putting forth intensive efforts to make their part of the exhibition a success.

THE LEAGUE AGAIN.

The public declaration of Lord Curzon, the British Foreign Secretary, that the Geneva League of Nations is a failure may be regarded as bringing to an end the long-protracted discussion of this league and of America's relation thereto, says the New York Tribune. Great Britain is a member of the League, is still loyal, it may be assumed, to its underlying principles; but facts are facts and the British government apparently sees no virtue in denying them.

A great mistake was made, first at Paris, but later and more fatally at Washington. A great opportunity was lost and a high hope brought to naught by Mr. Wilson and those of his party who blindly followed his leadership. Mr. Wilson made the impossible demand that the covenant, exactly as he signed it, be accepted, and when it became manifest that such acceptance could not be secured said in effect that he preferred the slaughter of the instrument to its amendment. Why he followed this course is a matter for debate, but that he followed is not.

The open burial of the league by the British Foreign Secretary lightens the task of the Harding administration. Its chief, who voted twice for ratification, was elected on a platform which expressed approval of his record, but as to the future made no league promises. In the campaign Mr. Harding, often declaring in favor of an international peace, as often declared that he did not and could not know the conditions that would not bind him to a precise course. The 7,000,000 majority given to him expressed approval of this common sense attitude.

THE "SELL NOW" LEAGUE.

Leaders of American industry are uniting on a concerted effort to start business moving. The "Sell Now League" has been formed with headquarters in New York City to act as a nucleus for the movement. Its object is to interest manufacturers, sales executives and merchants the country over in an intensive selling campaign. Many of America's representative men are included in the League.

Any such effort to be successful will mean price concessions and concessions along other lines which at first may seem disastrous, but if once this project be set in motion it will surely set up a wave of prosperity.

It is a campaign of interest to every community and every individual in the country, and if it is to succeed the duty of buying cannot be overlooked. The small town merchant will be a vital part of it. If he can sell, he can re-order and new orders are what make prosperity.

Either the business tide must go down into a period of depression too long and too grave to be contemplated with serenity. Every manufacturer, every dealer, every consumer, must ask himself: "What can I do to help; what can I do to sell my product; what can I buy, though it be ever so little, to start this great thing going?"

Much has been said about American prosperity depending upon the stability of Europe, but in trade as in everything else, the proverb holds good: "The Lord helps them that helps themselves."

THE HOPEFUL BOTTOM.

The gloom in which some business men have been sunk is natural but unreasonable. The worse things are, the better is the outlook to anyone who has not lost the capacity of looking about.

When things get just as bad as they can be, they are bound to get better. Authorities agree that they have just about reached their worst now.

The president of the National Association for the Improvement of American Speech, Miss Perkins, chides women in public life for "assuming masculine voices." If this is being done it is a great mistake. In addressing men the wise woman will always capitalize her feminine qualities, and it is doubtful if even the most "advanced" women could be influenced by the palpable fraud of an assumed mannish voice.

The government has followed its recent purchase of the Chesapeake and Delaware canal by the acquisition of the Cape Cod canal, as a part of the plan to establish an inland waterway from the neighborhood of Boston to Florida. This is a big undertaking and the completion is far off, but the announcement indicates substantial progress.

Community Dollar Day promises to be a big merchandising event in Charleroi. It will be a great cooperative event, in which every merchant in the community should reap some benefit—and incidentally the people as well.

This is the vacation season, and maybe those of us who contemplate taking a few days off had better arrange for them at once. Conditions may so improve by early fall that maybe we could not get away as easily as at the present time.

Sweden has abolished capital punishment, and Norway is talking of abolishing prohibition, which to some people is the same thing.

The woman lecturer who said that men were better dressed than women was possibly thinking about the quantity.

Violators of the Woner act are finding out that the instrument has teeth—and that they can be used.

Ambergris.

For many hundreds of years ambergris has been employed in sacerdotal rites of the church and with fragrant gums it was formerly burned in the apartments of royalty. To some extent it was used as a medicine and as a flavoring for certain dishes. Nowadays ambergris is utilized almost exclusively in the manufacture of perfumes and the preparation of fine scents being first converted into a tincture by dissolution in alcohol.

It Will Grow.

Democracy can never be extended by force, as you would fling a net over a flock of birds; but give it a chance and it will grow as a tree grows, by sending down its roots into the heart of humanity and lifting its top toward the light and spreading its arms wider and wider until all the persecuted flocks of heave find refuge beneath its protecting shade.—Henry Van Dyke.

MONUMENTS— Remember the Jead W. S. Cook & Co., with Lawrence Frye Funeral Director.

Pleasing Mouth.

The pleasing mouth has lips that curve from thin outer corners to a ripe fullness at the middle. The sweep should be upward to a fine cleft at the middle of the upper lip. A deep cleft just about the center of the upper lip is one of the recognized marks of beauty.

Scent in Each Wood.

Were our sense of smell more highly developed and better trained, says the American Forestry Magazine, we should find that every wood has its own peculiar scent by which alone it could be distinguished from all the rest.

Bees Cut Bark of Trees.

Some species of bees in South America cut the bark of the rubber trees in order to cause a flow of the sap. The gum is employed by the bees as a ready-made wax for their nests.

Select Path and Follow It.

Make your own life. Don't live anyone else's. Take your chances. Don't be afraid of what's back of you or what's before you. Just live the best you know how, and live it strong.

Temperamental.

Six-year-old Bessie, returning from church and eager to tell the news, said, "Oh, mother, we have a new terror in the choir."—Boston Transcript.

Still, It Might Be Worth Trying.

If men were as perfect as their wives expect them to be, their wives would all die of ennui.—Boston Transcript.

Yield Valuable Oil.

An oil obtained from stumps of red pine trees has been found to be valuable for recovering silver from pulverized ore by the flotation process.

Sure Sign.

If a man can operate a cash register with sore fingers and never feel the pain he is the proprietor of the place.—Toledo Blade.

North Charleroi

Mrs. Lee Gabler, who has been the guest of her daughter, Mrs. Clyde Flanniken, for several days, has returned to the home of her son at Republic. She was accompanied there by her niece, Miss Mary Flanniken, who will visit there for a week, and also visit in Greensboro.

Miss Elsie Claybaugh of Brownsville visited her sister, Mrs. Charles ... over Sunday.

... Dunham was a business ... to Pittsburgh on Friday.

Mrs. James Kibbler and daughter, Mrs. Russell Thomas, visited friends ... Roscoe on Monday.

Hiram Faulks, who is employed at Rices Landing, spent the week end here with his family.

W. H. Stuck of Greensburg was a week-end guest of J. W. Pentz. He also visited friends in Monongahela while here.

Miss Grayce Phillips has returned from a few days' visit with her aunt, Mrs. Charles Miller of Uniontown and Mrs. George Gabler of Republic.

Mrs. Price Harvey and son, and Mrs. Mirian Cox of Greensboro visited friends and relatives here the last of the week.

Mrs. Anna Moler and Mrs. Fannie Weaver are numbered among the sick.

David Weaver, Jr., Thornton Burnett, and James Arter, are among a number of boys who are on a camping trip near the Allegheny mountains for a few days.

Mrs. Clyde Bradley and son Howard have returned home after spending Sunday at the home of Mr. and Mrs. Jefferson Bradley of McKeesport.

S. A. Walton of Doylestown, near Philadelphia, is visiting friends and relatives here this week.

Mr. and Mrs. Wm. Craft and son Roger were guests on Sunday of Mr. and Mrs. Mark Hutton of Pittsburgh.

Mrs. O. J. Walls and children visited at the home of Mrs. Walls' sister at Webster recently.

Mrs. P. E. Franks and son, P. E. Jr., and daughters, Meryl and Minnie visited Mrs. Harry Vaughan.

Fred Frese, who is employed at Woodlawn, is spending a few days with his family.

Mr. and Mrs. Robert Boulden have returned to their home at Wilmerding after visiting Mr. and Mrs. W. F. Hagerty.

Everett Kibler, a student of Pitt University, is home for the summer.

Mrs. Morgan Bane and two grandchildren, Edgar and Evelyn Sweeney, have returned to their home at Fredericktown after visiting with the former's son, Seth.

George Shencle and daughter Bertha, of Trafford City, and Mr. and Mrs. James Burkhart of Corey, were recent guests at the home of Mr. and Mrs. H. A. Burkhart.

Mrs. Lina Curtis and son Richard have returned to their home at Racine, Ohio, after spending five weeks with Mrs. B. F. Sayres.

John Bryson of Uniontown spent Sunday at the home of Mr. and Mrs. Davis Woodward.

Miss Pearl Seely of Beaver Falls visited at the home of her aunt, Mrs. Jacob Zollars Sunday.

Jerome and William Moss, Leslie Claybaugh, William Criss, Charles Cheshure and James Fehan have returned from a few days camping trip at Mountain Lake Park, Maryland.

Mr. and Mrs. Ed Luce of Belle Vernon visited at the home of Mrs. P. E. Kramer Sunday.

George Jenions has returned home after spending two weeks in Brooklyn, New York.

Mr and Mrs. Claude Cannon and children have returned to their home at Millsboro after visiting at the home of Mr. and Mrs. C. A. Metz.

Mrs. John Ward and son Roger of Connellsville are visiting at the home of Mrs. A. M. Rockwell.

C. J. Phillips of Uniontown spent Sunday with relatives here.

Prince Albert's a new note in the joys of rolling 'em!

Talking about rolling your own cigarettes, we'll tell you right here that Prince Albert tobacco has 'em all lashed to the mast!

You've got a handful-of-happiness coming your direction when you pal it with P. A. and the makin's papers! For Prince Albert is not only delightful to your taste and pleasing in its refreshing aroma, but our exclusive patented process frees it from bite and parch!

And, for a fact, rolling up Prince Albert is mighty easy! P. A. is crimp cut and stays put and you whisk it into shape before you can count three! And, the next instant you're puffing away to beat the band!

Prince Albert is so good that it has led four men to smoke jimmy pipes where one was smoked before! It's the greatest old buddy-smoke that ever found its way into a pipe or cigarette!

Prince Albert is sold in toppy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidor with sponge moistener top.

BELL-ANS FOR INDIGESTION

YOUNG MEN ENROLL FOR MILITARY TRAINING

Sixty-one young men from Washington and vicinity have placed their applications for enrollment in the citizens' military training camp, to be held at Camp Meade, Maryland, August 1 to 30. All of these applications will be forwarded to headquarters and the applicants will soon be informed whether they have been accepted or not. Those accepted for training will be at no expense, the government paying their transportation to and from camp, equipping them while there and giving them the rudiments of military training while in camp. Young men between the ages of 16 and 35 will be accepted for the camp, and the training will be of inestimable value to all who enlist.

SUIT FOR DAMAGES TO AUTO TRUCK

George Stablein, of Charleroi, has brought suit against E Weiss of Monessen, to recover $500 alleged damages to his truck as the result of a collision in Charleroi, April 27, 1921. Stablein claims that on that date John E. Nary left an Essex car in the garage of Weiss for repairs. It is claimed that an employe of the defendant on that date was driving the car on McKean avenue, Charleroi, when it collided with a truck belonging to the plaintiff. It is alleged that the Essex car was on the wrong side of the street and was being driven at an excessive rate of speed.

HARNESS RACING AT THE DRIVING PARK

Harness races will be held at the Monongahela driving park on Monday afternoon, July 4. A number of horses have been in training at the park for a number of weeks, and it is expected that all of these will be seen in action at these events. Horses from a distance are also expected to be there. Two ball games, one in the morning and the other in the afternoon, will be added attractions.

AT STATE COLLEGE FOR SPECIAL COURSE

Miss Elma Lutes, a teacher in the Junior High: Miss Margaret McDermott and Miss Adelaide Luque, members of the Ninth street school faculty, and Miss Edna Long, who is a member of the Monessen public school staff, left Tuesday morning for State College, where they will take the summer course in special studies. They will return home the latter part of August.

SCHOOL BOARD APPROVES TAX COLLECTOR'S BOND

A meeting of the local school board was held at the High school building Tuesday evening, at which time the bond of the tax collector was approved and other business transacted. Among other actions taken by the board was the adoption of a resolution decreasing the salaries of the janitors of the various buildings ten per cent.

Bad to Dream of Jubilee.

To dream of being at a jubilee allows that pretended friends are trying to do you an injury and that you will get the better of your difficulties. To the sailor, an unpleasant and stormy voyage.

Spanish Lead as Wine Drinkers.

As a wine drinker the Spaniard sets the pace, with an average of 35 gallons a year, leading the Frenchman by four gallons and the Italian by eleven gallons.

Stagnation Fatal.

To be fossilized is to be stagnant, unprogressive, dead, frozen into a solid. It is only liquid currents of thought that move men and the world.—Wendell Phillips.

Remedy Worth Trying.

There are many troubles which you cannot cure by the Bible or hymn book, but which you can cure by systematic exercise and fresh air.—Henry Ward Beecher.

Novel Suggestion.

Restaurant sign in Butler, Mo.: "Don't divorce your wife because she can't cook. Eat here and keep her as a pet."—Boston Transcript.

Help for Budding Songsters.

A device that records the vibrations of the voice on a phonographic film has been invented by a Frenchman to aid students of singing.

Glycerin for Stains.

Pure glycerin will help to dissolve fruit stains from linen.

Government and Co-operation.

Government and co-operation are in all things the Laws of Life.—Ruskin.

CONTRACTS AWARDED FOR TWO HIGHWAYS

Two road improvement contracts, aggregating a total of $64,752, were let on Monday by the county commissioners to the Cavanaugh-De Niro Construction company of Youngstown, Ohio, the lowest bidders on the two projects advertised.

One was the McMurray road in Peters township, beginning at the end of the brick road, near the Baird school, and extending one mile toward McMurray. The bid for this piece of road was $42,106.

The other road is located in Midway borough, extending clear through from east to west, a distance of 3,350 feet. The bid was $22,646 Both roads are to be constructed of reinforced concrete and work is to commence within a very short time.

The successful bidder for the improvement of the road between Bentleyville and Beallsville was not announced.

DOLLAR DAY COMMITTEE IS PUSHING ITS PLANS

Plans of the Business Men's Committee of the Chamber of Commerce for a big two-day dollar sale early in August are being rapidly put in shape. Merchants enrolled in the movement are enthusiastic and are determined to give such special values as will ensure the success of the sale. The plan is to bring crowds of out-of-town buyers to shop on the sale days as well as residents of Charleroi. This cooperative effort has met with such success in other cities and judging from the ready response of our local merchants Charleroi will be no exception. There will be an official list printed, giving the names of all who have subscribed to the movement and all stores enrolled will be supplied with posters, show cards and other distinguishing features. Merchants not yet enrolled may do so by applying to John B. Schafer.

Miss Janet Spencer has returned to her home in Baltimore, Md., after several weeks' visit at the home of grandfather, C. B. Copeland of Fallowfield avenue.

JOHNNY J. JONES EXPOSITION

Here for Volunteer Firemen's 4th of July Celebration Week at the Base Ball Park.

The Johnny J. Jones Exposition through their cleanliness square dealing and quality, have been awarded the contract to furnish the amusements for Volunteer Fireman Big Fourth of July celebration and week of amusement.

The Jones attractions this year are new, clean, spectacular and good, and in view of that fact, contracts have been given to Johnny Jones for all the big expositions and state fairs throughout the United States, for the past four seasons this company has exhibited at all the big Wesern Canadian Fairs including Toronto National Exposition, will be seen here in its entirety.

The coming season witnesses Johnny J. Jones Exposition traveling in two sectioned 40 car trains of all steel Pullman, baggage and flat cars, the former all new with the exception of one, the latter all 70 feet in length, forming the largest, and most expensive equipment of any out-door amusement organization.

A big feature for 1921 will be 12 riding devices operating with the Jones aggregation. Four of these amusement devices will be entirely new ideas, two of foreign importation and one will be of Mr. Jones' own manufacture. The four will be seen exclusively in the Johnny J. Exposition, meaning that no other company will be licensed to operate these new amusment riding devices.

The attractions, with the exception of two of last seasons biggest successes, will be new and of a most pretentious and meritorious nature. One innovation will be the introduction of two trick houses, all based on new and humorous lines. Ed. R. Salter, publicity manager, writing to the local committee says Mr. Jones has disposed of all the old show "fronts," The Joy Plaza the coming season will present an absolutely new dress and as Jones always leads in ideas, the public may look for a diadem of glittering originality and magnificense that had emerged from the beaten path of traditional carnivalism into an avenue of such startling sights that it smothers under this stupendous marvels all attempts at rivalry or competition.

The attractions are some thirty in number; all sorts and descriptions. Not all the "laugh yourself to death species," but many educational as well as historical and interesting features displayed for your edification.

ALLEGHENY COUNTY BUYS COAL AT $3.10

A contract for the supply of 600 bushels of bituminous coal at $3.10 a ton delivered, was awarded on Monday by the Allegheny county commissioners to W. E Ireland to supply the new county asphalt plant at North Bessemer A year ago coal operators, particularly those of small mines, were receiving their own prices for coal at the tipple, going as high as $10 and $12. Today most of these mines are closed down for want of orders, and many of the larger workings are also idle because of the general industrial depression.

BOY'S NOSE BROKEN BY A BATTED BALL

George Van Varenberg, a boy spectator at the church league ball game between the Catholic and Christian teams at the local park last evening had the misfortune to have his nose broken by a batted ball. After the game was over he was asked to throw the ball to a batter. The boy did so and the batter hit the ball with terrific force, the sphere coming back and hitting the boy squarely on the nose. He was taken to Dr. Stahlman for treatment, and this morning it was necessary to perform an operation.

Mr. and Mrs. Michael Rosenblo announce the marriage of their daughter, Jeanette C., to Larry Jahnson of Waterbury, Conn. in New York, Monday, June 27th. The ceremony was performed by Rabbi Mendal Drob.

THE "HEAL-ALL" OF INDIANS.

There is an herb which grows wild on our Western plains known as "Manzanita" and to which the Indians attributed wonderful curative and healing virtue.

There is no question but that nature has bounteously provided in the roots and herbs of the field a remedy for many of the ills to which human flesh is heir. This is demonstrated by the wonderful success of that root and herb medicine, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been relieving women of America from some of the worst forms of female ills. It will certainly pay any woman who so suffers to try it.

CARNIVALS NUMEROUS IN THIS DISTRICT

Carnivals are quite numerous in this section of the valley, and have been for the past month. Last week a carnival held forth at New Eagle, while this week one is located in Monongahela, under the auspices of the firemen. Next week Charleroi will have the Johnny Jones shows at the local park, under the auspices of the firemen. Another carnival is said to be booked for New Eagle, which possibly entertains more shows of this character each year than any other community in the state. Residents there signed a petition to borough authorities to refuse a permit to these shows, but evidently without effect.

STATE RIGHTS

Your grandfather can remember when "State Rights" was a much discussed question. Nowadays each state is fully aware of its rights under the Constitution of the United States.

The banking laws of this state, for instance, are designed to give maximum protection to your deposits and at the same time permit state banks to accord a liberal banking service.

This bank is chartered under these wise laws.

ROBS OTHER BIRDS OF PREY

"Frigate Pelican" Secures Its Food Chiefly by Forcing Its Weaker Brethren to Disgorge.

The frigate bird, also called the man-of-war hawk and the "frigate pelican," is a sea bird, so called from its attacks on other birds. This bird, very large and with black plumage, is capable of very powerful and rapid flight. It sometimes measures ten feet from tip to tip of its extended wings. On account of its immense extent of wing and its dashing habits, it has been called the swiftest bird that sweeps the seas.

The frigate bird is a tropical sea bird of two species. The larger ranges all round the world within the tropics; the smaller is found only near the eastern seas from Madagascar to Moluccas and southward to Australia. Both species breed in large colonies, building their nests on rocks, high cliffs or lofty trees on uninhabited islands. The birds often fly far out to sea, but most of the time they remain near shore.

The frigate bird's aerial evolutions are extremely graceful and it soars to great heights. It is said never to dive for its prey, but to seize fishes only when they appear at the surface or above it. Flying fishes form a great part of its food. This bird of prey also pursues gulls and terns and eats the fish it forces them to disgorge. The male acquires under its bill a bright scarlet pouch which is capable of inflation.

HOUSED IN OLD BUILDINGS

Financial Institutions of Yorktown, Virginia, Do Business Among Historic Surroundings.

Within 20 miles of where the first English settlement in America was made at Jamestown is the scene where Capt. John Smith records the story of his rescue by Pocahontas, the daughter of the Indian chief, Powhatan. Within a circle of 20 miles is to be found the oldest Protestant church in America; the kitchen where Martha Washington cooked in good colonial style, the college which has graduated three presidents; Bruton parish, in which more men of historical importance have worshiped than in any other church in America—and Yorktown where Cornwallis surrendered to Washington.

Although Yorktown has a population of less than two hundred, it has two banks, both of which are working in what are probably the two oldest buildings used for banks in America. One of these banks, operating under state and trust company laws, is housed in the historic oldest customhouse built in America—erected in 1715. Here the ships for Philadelphia were once compelled to enter and clear. Here at one time was the gathering place of the financiers of the early colonists. Wall street has taken away the financiers, but has left the same old building with its same old walls of English brick some 24 by 40 feet square and two stories high.

Panama Canal Locks.

There are few things more interesting to the average traveler than to pass through the great locks of the Panama canal. The vessel enters very slowly and as she does lines are taken aboard leading to electric motors or "mules," which keep her in the center of the lock. Then the great gates at the rear swing together and the water is turned into the enclosure thus formed. Looking over the side of the steamer one sees a great bubble of water rise from the bottom, then a second and third appear until finally the whole surface of the lock is boiling. The pressure is so great that often fish sucked into the drains that lead from the Gatun lake, are drawn in and thrown several feet into the air. When the proper level is finally reached the gate ahead of the vessel opens and the "mules start forward, dragging the vessel free from the lock before she moves ahead under her own power.

Carnival festivities originated in the Roman Catholic countries of Europe where they were celebrated, especially in Rome and Naples with great mirth and freedom during the week before the beginning of Lent. Mardi Gras (literally "Fat Tuesday," so called for the French practice of partaking a fat ox, "boeuf gras," during the celebration of the day), or Shrove Tuesday, is the last day of the carnival. The festivities were first introduced into New Orleans in 1833, by a company of French citizens. Mr. Mardi Gras and for many years they consisted of processions of maskers roaming through the streets of the city, indulging in various kinds of amusements, and ball.

Oldest Crown Jewel a Sapphire.

Only a few of the early British royal jewels survive in the present regalia. The oldest of these is the sapphire of Edward the Confessor, which was originally set in his coronation ring. It was buried with him in his shrine in Westminster Abbey but in 1102 the shrine was broken open and this and other jewels removed. The sapphire is in the cross on the top of the king's state crown. Legend has it that St. John once appeared before the Confessor as a pilgrim, and that the monarch gave him the ring, which was returned later. The stone is reputed to have the power of curing sciatica and rheumatism, but has not been used for this purpose recently.

A Fund of Information That You Should Have

DISRAELI, who for six years was prime minister of England, said: "It has been my observation that the most successful man in any undertaking, is the man who has the most information."

It doesn't require any particular information just to go out and buy something. But to buy the best of that something at a price that is satisfactory to you—that is a successful purchase. And to make successful purchases you must have information.

Advertising gives you just that kind of information. It tells you where to go in order to get the best of anything you want at a fair price.

That is why it is a paying proposition for the man or woman who handles a pocketbook to study the advertisements in this newspaper—**regularly—every day.**

To those who use it properly, newspaper advertising is a source of economy and satisfaction that never runs dry. It is a watch-dog of dollars—a guarantee of satisfaction.

If you would learn the facts about the things you need to make you comfortable and happy,

read the advertisements
